MUSIC SELECTION TIPS:

Timing Matters:

15-30 second reels need upbeat music

1-3 minute videos need varied tempo

Background music volume: 20-30%

Subtle music with voiceover

Audio Quality:

44.1 kHz sample rate

16-bit minimum depth

MP3 320kbps or WAV format

Noise-free recordings

Consistent volume levels

Beat Matching:

Sync video cuts with beat

Use beat drops for transitions

Text animations with rhythm

Coordinate visual effects with music

PLATFORM-SPECIFIC CHOICES:

Instagram Reels:

Trending Instagram sounds priority

15-30 second clips

High-energy, catchy music

 All Rights Reserved

Popular Bollywood remixes

Viral sound effects

YouTube Shorts:

Original music preferred

Longer format flexibility

Epic/cinematic music works

Educational content: softer music

Gaming content: electronic beats

LinkedIn:

Professional, inspiring music

Corporate-friendly tracks

Motivational instrumentals

Success/achievement themes

Avoid heavy beats

MOOD-BASED MUSIC CHOICE:

Happy/Positive:

Major key music

Upbeat tempo (120-140 BPM)

Bright instruments (guitar, piano)

Cheerful melodies

Emotional/Sentimental:

Minor key music

Slower tempo (60-80 BPM)

Strings, piano

Soft, gentle melodies

! Energetic/Motivational:

Fast tempo (140+ BPM)

Drums, bass heavy

Electronic elements

 All Rights Reserved

Building/crescendo structure

Calm/Relaxing:

Slow tempo (60-80 BPM)

Ambient sounds

Nature sounds

Minimal instruments

AUDIO EDITING TOOLS:

Mobile Apps:

1. CapCut (best free)

2. InShot (user-friendly)

3. Splice (iOS)

4. Adobe Audition Mobile

5. GarageBand (iOS)
